

Tool

Four As of Successful Execution

Adapted from: <https://www.achieveit.com/resources>

ALIGNMENT (A1)

QUESTIONS

- ▶ Does your organisation have clear strategic intent?
 - Is the strategy understood and supported by all managers?
 - Are your strategic goals clearly prioritized and regularly communicated?
 - Does the executive team model the behaviours necessary to translate strategy into performance?
- ▶ Is there mutual accountability for results?
 - Are the various departments operating in siloes, with competing agendas?
 - Are the managers in other departments focussed on “doing their job” vs. supporting each other on mission critical elements?

ABILITY (Ab)

QUESTIONS

- ▶ Are we focussed on today's priorities, or on what we want to deliver in the future?
 - Do we know the mission-critical positions?
 - Are we investing in building a robust talent pipeline?
 - Do we have a culture of coaching, or sharing expertise?
- ▶ Can we really collaborate meaningfully?
 - Are we clear on each other's roles?
 - Do we understand each other's expertise?
- ▶ And the leaders?
 - Does the leadership team complement each other, and empower others?

ARCHITECTURE (Ar)

QUESTIONS

- ▶ Is your operating model clear?
 - Do you know which core capabilities drive the most value to customers?
 - Are you investing in/streamlining/developing these?
- ▶ Are your processes and reporting lines streamlined?
 - Where do people create workarounds, duplicate effort, increase complexity or create "back layers" ?
 - Do these help or hinder decision making?
- ▶ Does technology increase efficiencies?
 - Or does it merely replicate old inefficiencies?
 - Does it give you access to better data?

AGILITY (Ag)

QUESTIONS

- ▶ What are the quality of your data points ("situational awareness")?
 - Do you measure client feedback?
 - Benchmark against competitors?
 - Monitor trends?
- ▶ Is there space for organizational learning?
 - How does your organization encourage shared learnings?
 - Is there a space to test or pilot new ideas in a contained way, that manages risk?
- ▶ What is your dynamic capability?
 - How quickly can people or resources be mobilized to respond to a new situation, idea or direction?
